

## **HIGH CASELOAD OPERATING GUIDELINES**

At Carramar PS we will continue to modify our procedures to minimise the risk of COVID-19 entering or being transmitted across our school site.

Commencing Tuesday 8 February 2022:

parents and carers will be allowed on school grounds for drop-off and pick-up, but can no longer enter classrooms

parents are encouraged to physically distance, avoid gathering together and follow mask wearing requirements

arrangements for face-to-face events, including Parent-Teacher Interviews; Parent Information Evenings and Class Assemblies have changed

school camps are to be cancelled or postponed

some minor changes will be made to our play and eating areas to further limit the mingling of groups

Regrettably, in the short term, these changes mean our planned Parent Information Evenings scheduled for Tuesday and Wednesday will not be going ahead.

Teachers will be providing information packs via CONNECT/hard copy for you.

Parent-teacher Interviews will now be online or over the phone.

We are working through other required changes and you will receive further communications as the details are confirmed.

Thank you for your understanding and ongoing support as we work together and take the necessary steps to keep our school safe and open for learning.
