

Interschool Sporting Events

The Wanneroo Education Network (WEN) Code of Conduct is an enabler for all community members to engage constructively and effectively in the best interest of our students.

All community members, inclusive of staff and parents, have a role to play in creating positive environments and being good role models, ensuring all students, staff and parents are treated with care, courtesy, and respect.

The WEN Code of Conduct aligns with Department initiatives that outline clear expectations of how parents and school staff engage with each other, and the shared responsibility of school communities to ensure safe learning environments for our students.

We value our partnerships and understand the importance of positive working relationships to equip our children with appropriate respectful behaviours.

We thank you in advance for:

1. Encouraging fair play

Cheer and acknowledge efforts by all students.
Thank the staff and students from all schools for their efforts.

2. Demonstrating respect for all

Accept decisions– we are all human; sometimes unintentional mistakes are made.
Direct queries to chief judge, via your school's nominated Leader in a respectful manner.

3. Keeping emotions in check.

Be enthusiastic and supportive: please do not scream or shout and intimidate others.
Never use bad language or harass others.

4. Upholding the WEN Code of Conduct

Interschool events are for and about the children.
Understand, uphold, and support our WEN Code of Conduct.
